Credit Name: CSE 3120 Object-Oriented Programming 1				
Assignment Name: mysavings				
Decribe the errors you've encountered while working on this assignment. What caused the error and how do you overcome the error?				

```
        private int dimes;
        private int pennies;
        private int quarters;

        public Piggybank() {
            this.Pennies = 0;
            this.Dimes = 0;
            this.Nickels = 0;
            this.Quarters = 0;
```

I made all the this. statements uppercase when they were all supposed to be lowercase
